Our Green Initiatives

At the historic Shawnee Inn and Golf Resort, we feel it is our responsibility to be stewards of this beautiful, natural environment we call home. It is our goal to minimize the carbon footprint of our operations and introduce programs that emphasize sustainability. Environmental responsibility is recognized as a key priority for our organization. The Shawnee Inn and Golf Resort is committed to reducing its carbon footprint and assisting organizations in planning environmentally responsible meetings.

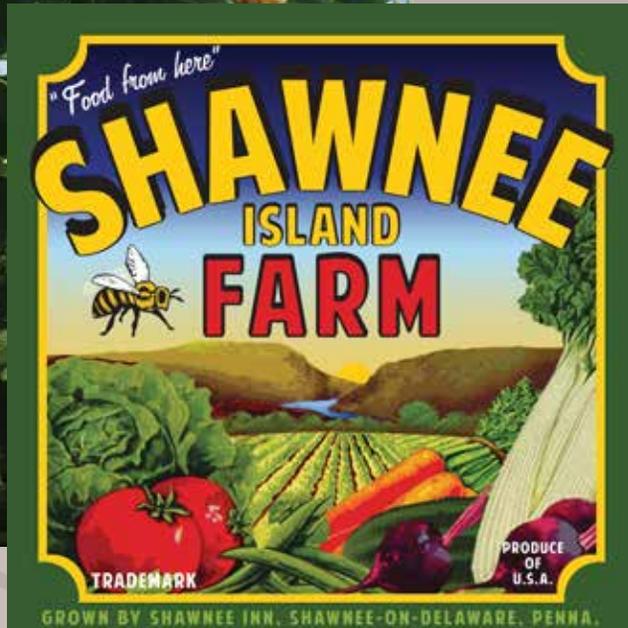

Shawnee's honey bees

Shawnee's Island Farm

Some of our initiatives include utilizing our 25,000 square foot farm to supply fresh produce, and herbs to our restaurants and kitchen. In the spring our Maple Trees are tapped to produce our very own maple syrup. We use China service over the use of paper, plastic, or Styrofoam products. On our golf course, our mowers place clippings back into the ground helping to facilitate the growing process. We continue to maintain naturalized areas for birds and other wildlife on our golf course, as well as, using the Rain Bird System for irrigation. Our hotel is a member of the Global Soap Project. With 4.6-million hotel rooms in the United States, an estimated 2.6-million soap bars are discarded every day. This program collects discarded soap from hotels and reprocesses it into new bars that are given to vulnerable populations throughout the world.

Twice a year Shawnee hosts the River Road Cleanup. Our volunteers collect litter along a River Road and through parts of the national park. This event directly benefits local residents because River Road is the main route that extends through the town of Shawnee on Delaware. This event allows for residents of the local community as well as Shawnee employees to participate in the day's activities

Team Building

The Shawnee Inn has the availability to offer effective team bonding through initiative games, trust games, ice breakers, and activities in addition to utilizing our natural beauty through river events and nature-based team bonding activities that have bonafide outcomes through debriefing and trained facilitators. We specialize in creating an atmosphere where each of your attendees can relax and learn what is important about being part of a team, shared goals, a sense of commitment, trust and most importantly, FUN! Our team bonding events range from light to challenging scenarios and include such activities as orienteering, primitive fire building, boat building, and a company game show.

Holiday Parties

The Shawnee Inn and Golf Resort really decks the halls during the holiday season! We can accommodate intimate or grand holiday parties. We have specifically designed holiday menu's, seasonal centerpieces and other décor in accents of red and green, if your group desires, and discounted room rates for all holiday parties. The large Christmas Tree and fireplace in our main lobby make great photo opportunities for all our guests. And let's not forget jolly old St. Nick, who can make an appearance at your event as well!
